

## Disposal Rate Adjustment to Residential & Commercial Solid Waste Agreements

Effective July 1, 2014, the County of Orange increased the disposal component for the residential and commercial rate by 1% based on the Consumer Price Index (CPI) from \$32.05 to \$32.36 per ton disposal. As a result, residents will see a solid waste rate increase range from \$0.03 - \$0.09 cents per quarter. This small increase goes directly to the County of Orange, and is not a CR&R rate change.

The chart below lists the current, proposed, and new rates for commonly used residential and commercial services:

### Residential Service

Service Type	Current Rate	Proposed Rate Increase	New Rate
35-gallon trash cart	\$12.95	\$0.01	\$12.96
65-gallon trash cart	\$13.29	\$0.01	\$13.30
94-gallon trash cart	\$13.73	\$0.03	\$13.76

### Commercial Service

Bin Size	Frequency	Current Rate	Proposed Rate Increase	New Rate
3-yard	1 x week	\$ 78.91	\$0.22	\$ 79.13
4-yard	1 x week	\$ 87.23	\$0.24	\$ 87.47
6-yard	1 x week	\$110.47	\$0.31	\$110.78
